- v. **DDT and Aluminium cans are examples of**
 - a) **Primary pollutants**
 - b) **Secondary pollutants**
 - c) **Biodegradable Pollutants**
 - d) **Non-biodegradable Pollutants**
- vi. **Excessive exposure to UV ray causes**
 - a) **Inflammation of liver**
 - b) **Cancer of skin**
 - c) **Damage to the lungs**
 - d) **Jaundice**
- vii. **Ecological sustainability is achieved by**
 - a) **Increased energy consumption**
 - b) **Increased waste generation**
 - c) **Waste reduction and Fuel efficiency**
 - d) **Slow and inefficient transport**
- viii. **People living in slums have**
 - a) **Good health care and civic amenities**
 - b) **Good health care but poor sanitation**
 - c) **Poor health care and sanitation**
 - d) **Good health care and sanitation**
- ix. **Land use planning purpose is to**
 - a) **Use of land and reduce its quality**
 - b) **Avoid misuse of land and enhance its quality**
 - c) **Use of land and enhance its degradation**
 - d) **Enhance land degradation and misuse of land**
- x. **Organisms of a higher trophic level which feed on several types of organisms belonging to a lower trophic level constitute the**
 - a) **food web**
 - b) **ecological pyramid**
 - c) **ecosystem**
 - d) **food chain**
- xi. **Which of the following organisms begins marine food chains?**
 - a) **Phytoplankton**
 - b) **Fishes**
 - c) **Zooplankton**
 - d) **Corals**
- xii. **Greenhouse effect is enhanced in the environment by the gas**
 - a) **Carbon dioxide**
 - b) **Carbon monoxide**
 - c) **Fluorocarbons**
 - d) **Nitrogen dioxide**
- xiii. **Which is not a major cause of deforestation?**
 - a) **Shifting cultivation**
 - b) **Collection of non timber forest products**
 - c) **Fuel requirements**
 - d) **Raw materials for industries**

- xiv. Which one of the following can cause thermal pollution?
a) Residential houses
b) Power Plants
c) Death of marine organisms
d) Oil spill
- xv. In a food chain the second trophic level is occupied by:
a) Carnivores
b) Autotrophs
c) Herbivores
d) Producers
- xvi. Which is not responsible for extinction of many species of animals?
a) Deforestation
b) Poaching
c) Afforestation
d) Exotic Species

QUESTION 2

- a) Define crop rotation. Mention one advantage of the same. [2]
b) What is poverty trap? [2]
